## Branching stochastic processes as models of Covid-19 epidemic development : BurkinaFaso - week 53

### Abstract

The results presented here are obtained using the method proposed in the paper <https://arxiv.org/abs/2004.14838> for the country BurkinaFaso. The data comes from European Centre for Disease Prevention and Control available at <https://opendata.ecdc.europa.eu/covid19/casedistribution/csv>.
